BRITAIN PLANS LONG TIME LOAN

Reported as Preferring 20 or 25 Years to Pay Debt to U. S.

OWES FIVE BILLION

Will Confer With Houston on Refunding Agreement—$475,000,000 in Interest.

Washington, Jan. 8.—Lord Chalmers, special representative of the British Exchequer, is expected to arrive in Washington in a few days for the purpose of contiuing and consummating negotiations for refuding the war loans of the United States to Great Britain.

It was stated in official circles yesterday that already the two governments are in accord upon the fundamental proposals and that it should be a simple matter to arrive at an agreement upon such important details as remain to be determined.

As outlined yesterday afternoon by Treasury officials the general understanding provides for funding the demand notes of this Government held by Great Britain approxtmating $5,000,000,000 into long-term securities at an interest rate certainly not less than that being paid by this Government on money which it borrowed for the purpose of loaning it to the British.

The most important details to be arranged at the conferences which will take place between Lord Chalmers on the one hand, and Secretary Houston and his advisers, on the other, are the maturity dates on the obligations to be given and the interest rate.

The British are inclined to stand for a far distant date of maturity. They would like these obligations to be for not less than 20 years and if agreeable to the United States for 25 years.

Little difficulty, it was explained yesterday, will be experienced in fixing the rate of interest This will be in the enighborhood of 5 per cent, it is said. The law makes it obligatory on the part of the Treasury to fix a rate of interest as high as that being paid on domestic war loans which runs as high as 4 3-4 per cent. Since this Government sees no necessity of making a profit on its British loans, the rate, which will be proposed will not be much if any, higher than the domestic rate.

So far, it appears, the Government of the United States has collected no overdue interest on the British or any of the other foreign loans and an adjustment of this is another matter which it will be necessary for the negotiators to deal with at the Washington conference.

It was stated in this connection yesterday that the United States Treasury was ready to engage in similar negotiations with France, Italy, Belgium and other European nations who borrowed money from America with which to prosecute the war. So far, however, the matter has been taken up only informally with foreign treasuries.

Europe is indebted to the United States for slightly more than $10,000,000,000, approximately half of which the British owe this country.

Lecture On Bagdad

Dr. Archer, of Yale University, Here Friday Night—For Near East Relief

Lovers of the Near East and of the romance that surrounds the city of Bagdad, will be interested in the good fortune of Section B. of St. Paul's Woman's Auxiliary in being able to secure Dr. John C. Archer of Yale University, to come to this city on Friday night, January 14, at the Young People's Building to give one of his famous lectures on "Bagdad and the Near East," illustrated with eighty diferent colored views.

Dr. Archer is a native of Maryland and was once a missionary in India. During the war, on leave of absence from Yale, he served in Mesopotamnia in charge of the education for British forces, as an educational director. His work lay with Indians as well as English speaking troops.

This is a wonderful opportunity to enjoy the mystery and charm of the East. The proceeds will go towards the Near East Relief Fund.

Machen After Job

Recommended For Donohoe's Place as Prohibition Inspector for Virginia

Richmond, Va., Jan. 8.—It was stated yesterday that Lewis H. Machen, inspector in the Richmond district of Prohibition Director for Virgina, has been recommended for the place made vacant by the death of Director S. R. Donohoe. Information was received here that Senators Glass and Swanson and several Representatives in Congress from Virginia, had presented the name of Mr. Machen and that his official appointment would be announced within a few days. Mr. Machen has made his home in Richmond for seven years, and it is believed he will continue to live here, making this city the headquarters of the department.

Mr. Machen was graduated from the University of Virginia, which he entered in 1891, taking a course in law. Leaving the university, he taught for a session at the Episcopal High School after which he engaged in newspaper work in Washington. He took the degree of B. L. from Columbian University at Washington in 1896; returning to Virginia and establishing himself in the practice of law at Fairfax Courthouse, Va. In 1904 he moved to Alexandria, where he became senior partner in the law firm of Machen and Moncure. He served as presidential elector in 1900, and in 1903 was elected to the State Senate from the Fourteenth District. In 1909 Mr. Machen was a candidate for Lieutenant-Governor in the Democratic primary. He later became identified with the State Prohibition Department, which he entered after having served one term as head of the State Legislative, Reference Bureau which had been established largely through his efforts. While with the State Prohibition Department he accepted office with the Federal Prohibition Department in Virginia, under the late Captain S. R. Donohoe.

OVERSEAS VETERANS DYING, NEGLECTED

Legion Officials Make Charge in Plea to Congress For Relief

MANY LEAVE HOSPITAL

Private Institutions Said to Make 60 Cents on Every Dollar Paid for Insane.

Washington, Jan. 8.—Representatives of the American Legion described as "frightful" today to a House committee the plight of war veterans for whom they charged, the government had failed to provide hospital and medical care. They urged the Commerce Committee to approve the Rogers bill to consolidate under one bureau in the Department of Interior all government agencies dealing with disabled veterans.

F. W. Galbraith, national commander of the Legion, said many of the former service men were actually suffering and that "thousands of men are in hospitals, many of them dying who have never received a cent of compensation from the government, although their families are destitute and dependent entirely on the charity of their communities for their existence."

"Hundreds of men are leaving hospitals to work before they have recovered," the witness said. "Even a wreck fights for his home."

The Legion commander estimated that 10,000 applications for compensation awaited action by the Bureau of War Risk Insurance.

John H. Sherburne, of Brookline, Mass., a brigade commander of the Twenty-sixth Division, told the committee that the average soldier needing hospital care and compensation "throws up his hands and doesn't try to get aid because he doesn't want to become tangled up in red tape.

"Men are dying while the government is trying to find out whether they are entitled to aid," he declared adding that the number of cases of tuberculosis among ex-service men who were gassed overseas was "increasing rapidly."

Abel Davis, of Chicago, chairman of the Legion's Hospitalization Committee, said: "Hundreds and thousands of veterans, discharged from the army seemingly well, were suffering from tuberculosis." He predicted that the peak in the number of cases of tuberculosis and mental and nervous disorders would not be reached until 1927.

"We have no fault to find with Surgeon General Cumming and Public Health service officials," the witness said. "They are doing all in their power to help disabled veterans. But their duties are so manifold that they are unable to give service men the prompt attention they should have."

Delinquent Children

Dr. Mastin Declares Board of Charities and Corrections Will Develop Institutions

Richmond, Va., Jan. 8.—Secretary J. T. Mastin, of the State Board of Charities and Corrections, stated yesterday that the twelfth annual report of that organization will be issued in a short while. In commenting on the work of the board, Dr. Mastin said that during the past year alone, the sum of $94,168.38 had been collected by the Juvenile and Domestic Relations Court from persons who had refused or neglected to support their families. He added that there are now more than 2,000 dependent and delinquent children in the State, most of whom were taken from jails, under charge of the children's agencies operated in connection with the board. Charity organizations are in operation in all the larger centers of the State.

"In the future," said Dr. Mastin, "the work of the board will be not to establish institutions but to develop and render efficient institutions already established. At the State conference in Norfolk in April the school of social work and public health will conduct classes on probation and on the rehabilitation of families, and the training of delinquent and neglected children in institutions, and discussion will be along the line of scientific development of social work in the State."

Tax Cases Monday

126 to be Called Increases Over New Assessment by Tax Board

Cases of one hundred and twenty-six property owners whose assessment was raised by the local board of tax review are stated to be heard Monday at 10 o'clock in the corporation court before Judge Moncure.

The local board of review after reviewing the assessment made by Assessors George S. French and Frank J. Pollard increased 126 pieces of property. Many of these pieces of property had already been increased by the assessors and the tax board made further increases, being of the opinion that the assessment made by the assessors was not sufficiently high. Some of the property owners doubtless will appear and enter a contest and there are others who will not. Where no contest is made the increase made by the board of review, of course, will stand.

The members of the local tax board will be present when the cases are called. The increase made by the board of tax review will be about $100,000 it is stated.

August Kneipp Gets Money for 60 Acres Including Damage

A jury in the United States Court for the Eastern district of Virginia, Judge Edmund Waddill presiding, yesterday afternoon gave a verdict for $10,338.50 to August Kneipp in the condemnation suit instituted by the government for sixty acres of land at Camp Humphreys, Va., owned by Kneipp. The foregoing amount covered the value of the land per acre and damages accruing from the taking of land from Kneipp. Julian Y. Williams was foreman of the jury.

Call It Disastrous

Federation of Women's Club Oppose Bounty Offered for Killing Hawks and Owls

The following resolution was offered and unanimously adopted by the Federation of Women's Clubs at a recent session held at Clarendon, Va.

Resolved: That it is the unanimous opinion of the clubs of northern Virginia now in session at Clarendon that the bounty offered by the Department of Game and Inland Fisheries on the scalps of hawks and owls and rewards offered by the Virginia Game and Fish Protective Association will be disastrous to the State and Nation, an encouragement to idleness and a destructive force to all bird and animal life if carried out.

The said clubs abide by the decision of the Department of Agriculture at Washington, D. C., in sustaining the letter to M. D. Hart, chief clerk of Virginia Department of Game from Dr. A. K. Fisher in charge of economic investigation who shows the loss of the work of hawks and owls and that because of their destruction field mice and pine mice have so injured the orchards that thousands of dollars are lost annually to the State.

The club women insist that where predatory birds or animals become a menace that the State Warden shall perform the work for their respective counties and not then until a survey of conditions shall be made and reported to board of supervisors.

This resolution shall be sent to the Governor of the State and Col. F. Nash Bilisoly, commissioner, and that a copy shall be printed in all of the State papers and in the Conservationist, giving it all publicity possible.

K. Of C. Work At Elks

Third to be Conferred at 2:30 Tomorrow—300 From D. C., Expected

The conferring of the third degree of the order on a class of about 100 candidates by Fitzgerald Council No. 459, Knights of Columbus, will take place at the Elks' Hall instead of St. Mary's Hall as originally planned. The degree will be exemplified at 2:30 o'clock and the original plan for the candidates to assemble at the Lyceum Hall at 2:15 o'clock will prevail as planned.

The change of hall was due to the fact that the knights expect about 300 visitors from Washington and St. Mary's Hall would be inadequate to accomodate such a large crowd.

20th Anniversary

Swan Brothers to Celebrate With Big Sale Which Starts Monday

Beginning in a small and humble way, in a small store room at 422 King Street, Swan Brothers are this month planning to celebrate the twentieth anniversary of their business relations in this city and will start Monday morning with a sale that is "touted" as being one of the biggest ever conducted in this city.

The business started as a small dry goods business and during the twenty years the two brothers have been in business has increased until today it is one of the largest department stores of which the city boasts.

Swan Brothers remained at the store at 424 King street for about ten years during which time their business increased to such proportions that they found they were forced to seek larger quarters. They accordingly moved across the street to their present location. A few years ago, realizing the need of a modern men's and boys' furnishings store they added the two buildings adjoining the original store and opened this department.

Prior to coming to this city W. E. Swan, senior member of the firm was identified with the dry goods business in Washington, D. C., and was very successful. C. B. Swan, for ten years was connected with the Woodward & Lothrop store of Washington, D. C., and for two years was a member of the personnel of the New York City store of John Wanamaker.

The sale which is to be inaugurated Monday is a clearance of every department of the big store and promises to be one of the most successful held in this city in several years.

HARDING FAVORS ARMY OF 150,080

Approves Plan of Chairman Kahn of House Military Affairs

WOULD LOWER TAX

President Does Not Think Millennium Has Come, But is Not Expecting Trouble in Near Future.

Marion, Ohio, Jan. 8.—The plan of Republican leaders in Congress to limit the peace-time strength of the army to 150,000 men was given approval yesterday by President-elect Harding in a conference with Representative Julius C. Kahn, of California chairman of the House Military Committee.

"Senator Harding is in complete accord with our policy," said Mr. Kahn, after a long talk with the President-elect. "He is deeply concerned about reduction of the burden now resting on the shoulders of taxpayers, and he believes much can be saved by reducing the army strength to 175,000 as soon as possible, and then working it down to 150,000 as a continuing maximum.

"I am sure Senator Harding does not believe that the millennium has come but I do not think he is expecting trouble in the near future."

The conference at which Mr. Harding also indicated his desire for a well-organized reserve force was one of a series he is holding with committee leaders in charge of military and naval legislation.

Soon he is to see Chairman Butler, of the House Naval Committee, to urge reinforcement in that arm of the service and to share a continuing policy for naval armament.

Although the army occupied the President-elect's major attention yesterday, many other questions were talked over by him in the course of a busy string of conferences.

One visitor who attracted particular attention was Andrew W. Mellon, of Pittsburgh, publicly indorsed by Senator Penrose, of Pennsylvania, for Secretary of the Treasury. He had a long conference with Senator Harding, at which he said general financial conditions were discussed, and later he was a luncheon guest at the Harding Home.

The qualifications of Sherman P. Houston, of Missouri, for Secretary of Agriculture were urged upon the President-elect by a delegation from that State headed by Edward Forstel, of St. Louis. They brought a formidable array of indorsements by Republican leaders, farm organizations and live-stock men of Missouri.

Among other callers were E. Finley Johnson, a member of the Supreme Court of the Philippines; Clarence R. Miller, secretary of the Republican National Committee; Joseph R. Grundy, president of the Pennsylvania Manufacturers' Association; Andrew Squires, of Cleveland, who discussed the Panama Canal, and E. W. Hollister, of Cleveland, a worker for the Near East Relief.

Again last night Mr. Harding walked the burning sands of the Masonic order, receiving initiation into the Mystic Shrine at Columbus, where on Wednesday he was made a thirty-second-degree Mason. He made the trip to the State capital by motor, leaving here late in the day.

MOVIES MAY MAKE OR MAR OUR NATIONAL CHARACTER

The Church, the School, and the Family, are the three great institutions that build up national character. To these may be now added a fourth factor, namely, the movies. Millions upon millions attend the film productions daily, and of these, nearly, if not quite a half, are children of tender age. At their period of life their minds are most impressionable; their mental habits most easily formed, and their characters cast into molds exceedingly difficult to alter in later years. We are glad to say that the tendency in Alexandria is to give preference to clean and wholesome productions. Once in a while a film will slip in that has objectionable features. We refer especially to those plays which emphasize a struggle between the opposite sexes and which stress the eternal triangle all out of proportion. There are plenty of good plays, fascinating as to plot, scintillating with adventure, and as interesting as any modern story in their development. The pictures of natural scenery, foreign countries, strange peoples and their customs, the operations and processes of various industries all over the world, these are at once instructive and entertaining. The comedies given as a rule are somewhat too boisterous and partake in excess of what is known as "slap stick." But these will be toned down in time, as the art progresses, and afford mirth and relaxation, with finer and more artistic methods. The movies are indeed in their infancy. But their influence is already a national force of the strongest kind, and unless guided by sound principles may easily become a national menace. The GAZETTE proposes to exercise more or less of a mentorship in this direction and look after the interests of the bright young boys and girls that are growing up into Alexandria's future citizenry.

BUREAU OF LABOR AND INDUSTRIAL STATISTICS

The 23d annual report of the Virginia Bureau of Labor and Industrial Statistics is replete with information of interest to Virginians. The commissioner, in his introduction sounds a note of optimism with which we are in thorough accord. He says: "Taken on the whole, the industries of the State are in a very healthy condition today than in any previous year of their history, and present signs indicate that Virginia will soon rank well up among the manufacturing states of the country." Alexandria is fortunate in her many natural advantages, some of them unsurpassed, and with her citizens wide awake to the situation, there is no reason why she should not build up to a permanent prosperity, equal to that attained during the war.

WASHINGTON TIMES AND THE GAZETTE

We called attention yesterday to the fact that the Washington Post supported the contention of the GAZETTE as to the kind of navy Uncle Sam ought to have. Arthur Brisbane in the Times of the 7th inst., also puts in a strong plea along the same lines laid down by us in our editorial of the 4th. The GAZETTE will always endeavor to keep at the head of the procession, believing, as it does, that Alexandria is entitled to a paper with a clean-cut progressive policy, waiting on nobody's dictum as to its editorial expression.

WHITMAN TAKES CHARGE OF NEW YORK PROBE

New York, Jan. 8.—Former Governor Charles Whitman yesterday assumed charge of the inquiry by the additional grand jury into alleged corruption in public office. State Senator Robinson and Assemblyman Steinberg, who fathered the legislative resolution for an investigation of the city administration appeared before the grand jury. They were questioned by Mr. Swann and his assistant, Joel H. Bauton.

The authority of the ex-Governor and District Attorney during the inquiry will be absolute. Mr. Whitman will be assisted by District Attorney Swann as a special assistant and counsel and as a deputy assistant district attorney, the District Attorney announcing:

"Governor Whitman is at the labor bar. He is to have exclusive charge of the investigation of the charges embodied in the published statements of State Senator Theodore Douglas Robinson and Assemblyman Joseph Steinberg, in which corruption in public office was alleged, and he will be assisted with all the resources of this office."

District Attorney Swann announced that he had obtained permission from the Mayor to offer the aid of any six of the 700 members of the city's detective force to Governor Whitman.

Gas Masks Are Useless Before Deadly Vapor Invented by British

Philadelphia, Jan. 8.—Do you know what "Diphenylchlorasine" is?

You won't have to worry, unless another big war "breaks." And, if it should, thousands of men will die for Diphenylchlorasine is the newest and most deadly weapon ever devised by scientists.

It is the discovery of British scientists after three years of research work. It is more deadly than any poison gas used in the World War. It penetrates any gas mask now used. It is a vapor rather than a gas. It will be the "modern projectile of the next war," the greatest single instrument of annihilation.

Members of the Franklin Institute here heard Dr. L. I. Shaw assistant chief chemist, Bureau of Mines, of Washington, describe the new war terror yesterday.

SOCIALISTS ASK REPRIEVE FOR DEBS AND FELLOWS

Algernon Lee and other representatives of the Socialist party appealed yesterday to the Senate Judiciary Committee to repeal espionage laws and bring about the release of Eugene V. Debs and other "political" prisoners.

Lee argued that certain parts of the espionage law were not justified even in war time; said European nations enforced their espionage laws less drastically than the United States, and that all of them already have extended at least partial amnesty to political prisoners.

SPORTS

The U. S. Naval Proving Ground basketball club, of Indian Head, Md., will cross the Potomac today for a contest with the Dreadnaughts, the game beginning at 8:15 at the Alexandria Armory, on South Royal street. The visitors boast of a fast and undefeated five, are under the management of "Windy Bill" Lynn, a former resident of the West End section of this city, and whose phone message this morning to the local management was to the effect "That they would be here sure, and would depart with their record clean." The locals will use Jimmy Alexander, Lion Beaton, Allen Roberts, Rosy Hayden, Carl Dreifus, Sinner Hayden and Jimy Hasson, the combination which turned back the undefeated Navy Yard five Thursday night in the Armory. It is hoped that the fans will turn out in large numbers tonight to witness this game, and become interested in this great indoor sport.

One of the best games of the season was played Thursday night, and was very poorly patronized, making it hard for the club to meet expenses.

The club has asked the public to be generous in their support, as they cannot put out winning teams in all branches of sports without encouragement.

It is true the club has not won the championship in basketball or football, but will stand more chance to do so if they are supported to such an extent as to give good guarantees to good teams to visit the city.

The admission fee is only 25 cents and it takes more than 75 of these two-bit notes to help pay for the uniforms, which have to be bought on the dollar a week plan at the present rate of patronage and encouragement given the players.

Be a sport and support the home team!

GIRL VICTIM OF TRAIN WAILS FOR LOST FOOT

Lansdale, Pa., Jan. 8.—"What will I do without my foot?" sobbed Miss Helen Pole, 15 years old, of Ambler, a student at the Lansdale School of Business, when her left foot was severed at the ankle by a train at the local Philadelphia and Reading Railway station yesterday afternoon.

Miss Pole and a number of school chums were running to catch the train. The others succeeded, but when she attempted to board it she slipped beneath the wheels.

She was conscious after the accident and spelled out her name to a railroad official.

The girl's parents are Mr. and Mrs. William G. Pole, of Ambler.

Miss Pole was taken to the Jewish Hospital, Philadelphia.

Powdered Noses Taboo In Zion Tabernacle

Zion, Ill., Jan. 8.—Hereafter women in the Zion Tabernacle will appear with unpowdered noses, or Overseer Voliva will "lecture them and slap their faces," according to an edict he delivered today.

"The Taberrnacle is not a boudoir," the Overseer proclaimed. "The use of the wordly powder puff is a violation of the sanctity of God's house. I have seen women ight in thi stabernacle dabbing away with powder puffs, barefacedly. It is a sacrilege and a disgrace.

BURGLAR WAS CAT, BUT SHOT WREAKS HAVOC

Swedesboro, N. J., Jan. 8.—There was considerable commotion at the home of William Fredericks, in Battentown, last night.

Some time after midnight Mr. Fredericks heard a noise like the walking of a man on the shed roof. He reached for his revolver, and fired through the window, curtain and glass. The curtain fell down, the lamp went out, and the baby fell out of bed.

The shot struck an adjoining house and the owner, raising his window, wanted to know what all the commotion was about. Fredericks saw a cat climbing down the grape arbor, and replied that he mistook the cat for a burglar.

SINN FEIN CONSIDERS ACCEPTING HOME RULE

Dublin, Jan. 8.—The possibility developed here yesterday that putting the Home Rule bill into effect may precipitate a settlement of the whole Irish question, Sinn Fein circles have the feeling that much as they dislike the bill, steps might be taken under it which would secure their ends as well as let the British Government have its way.

Sinn Fein is considering a strategic move, it was learned in certain quarters here. The Republicans are thinking of taking an active part in the elections which are to be held in May, in accordance with the terms of the bill, to select the members of the two Irish parliaments.

It is not at all certain that Sinn Fein will adopt this plan, but if it should the following procedure would be carried out:

Sinn Fein would nominate candidates for the Southern Parliament, adhering rigidly to the letter of the act. This would preclude the possibility of the success of any independent candidates. As soon as these Sinn Fein candidates were declared formally elected they would assemble to form the Parliament and their first official act would be to proclaim the Irish republic and to declare the Ulster Parliament an illegal assembly.

Republican circles, which are sponsoring this proposition, say that S Nationalist members, who, they insist, will be elected to the Northern Parliament by the Ulster Nationalist minority would join this southern assembly.

J. G. SCRIPPS, NEWSPAPER PUBLISHER, DIES, AGED 34

San Diego, Cal., Jan. 8.—James G. Scripps, newspaper publisher, died at his home at Miramir, near here, at 1:30 yesterday morning, after an illness of several weeks.

Scripps was 34 years of age. His death resulted from an attack of influenza a month ago.

For twelve years he had been the managing director of the Scripps newspapers. He was one of the youngest newspaper publishers in the United States.

Scripps was born in West Chester, a suburb of Cincinnati, Ohio. He came to San Diego with his parents when 6 years of age.

FIVE AMERICANS IN TOILS AFTER CANADIAN ROUNDUP

Montreal, Canada, Jan. 3.—Four hundred criminals, including five Americans, were rounded up here yesterday by the police on an order to rid the city of criminals at large All men with known records or of suspicious character, were gathered in by the officers.

Cask of Whisky Waits Claimant After Six Years.

Kenova, W. Va., Jan. 8.—Who buried a cask of whisky under the railroad bridge here six years ago?

Workmen dug up such a cask yesterday. Its contents are valued at several thousand dollars.

The cask and its contents have been placed in the town jail for safe keeping.

Because of marks on the container quality of the whisky, and other signs it has been established that it was buried several years before prohibition became effective.

In that case it is considered that the owner still has a valid claim to it.

MORGAN DENIES RUMOR WILLYS-OVERLAND CONTROL

New York, Jan. 8.—Reports which have been current for several days to the effect that J. P. Morgan and Company were acquiring control of Willys-Overland were officially denied at the Morgan offices yesterday. It is reported also that Mr. Durant is buying into the corporation. Those familiar with Mr. Durant's methods scout this idea. It is quite possible that Mr. Durant may receive overtures from holders of the corporation's paper to guide the Willys-Overland destinies, during the next few years even though he is at present chairman of the board of the General Motors. In quarters where his affiliation with the Toledo interests is taken seriously, it is said that the question of resignation from General Motors would be easily accomplished and that being given a free hand to work out certain long cherished ideals with the Willys-Overland which were denied him in the General Motors might be an inducement.

BRITAIN PLANS LONG TIME LOAN

(Continued from Page One)

Great Britain, it seems, holds temporary obligations of other Allied powers for probably as much money as she owes the United States, and before the British Government could go finally into negotiations with the United States it has been necessary for it to come to at least a tentative understanding with its debtors.

In this general connection it might be stated that the recent agitation in favor of the cancellation of all the foreign loans as an act of supergenerosity on the part of America has subsided.

Congress alone can act in that direction. As Secretary Houston has pointed out, the Liberty bond acts contemplate no such move on the part of this Government.

In other quarters it has been proposed that the United States at least cancel the interest on the foreign obligations. This, too, is a matter which Congress alone can deal with. The interest on the demand obligations now held by this Government, it was indicated yesterday, amounts to about $475,000,000 a year.

One of the serious questions which the treasury has had to face was the collection of this interest, as the law provides. It has been argued by some authorities that the Government, which is paying interest to its own people on the money loaned to foreign countries, should collect the interest due it as a matter of good business. On account of the rates on foreign exchange, however, it has been difficult for this Government to arrive at a basis for the interest payment and it was felt by Treasury officials that it would be better to await the return of stable conditions before insisting upon a collection of outstanding interest on foreign obligations.

Australian Eggs on Sale in Chicago

Chicago, Jan. 8.—The first shipment of eggs received in Chicago from Australia, where the hens operate under opposite weather conditions from those obtaining now in Norbury, United States, was placed on sale here yesterday.

Members of a local butter and egg firm said they found they could sell the eggs slightly cheaper than local receipts and a test had shown only six spoiled eggs in 150 dozens, and not one was broken by the long journey. One of the firm, R. L. Elston, said he would endeavor to secure other shipments of the Australian eggs until the hens in this section get back on the job.

Volunteers Leaving U. S. To Fight For Ireland

Philadelphia, Jan. 8.—Five companies of Irish volunteers, garbed in the same uniform the Irish Republicans in Ireland wear, and who have declared their willingness to fight for Irish freedom, have been organized here.

They are but part of a "spontaneous volunteer movement," as the members describe it, that has sprung up all over the United States in the last few weeks.

Volunteers are leaving here singly and in small groups for Ireland through roundabout channels, it is said here. Nationalist leaders have disclaim any part in formation of the organization as a recruiting effort. Many of the men wear American Army service badges on their uniforms.

RENTS CUT 7 PER CENT BY MIDVALE STEEL CO.

Coatesville, Pa., Jan. 8.—Rents in the houses of the Midvale Steel and Ordnance Company, are reduced seven per cent, effective from January, according to an announcement yesterday. It will affect about five hundred families in this section.

MAY USE GAS GRENADES ON CLEVELAND BANDITS

Cleveland, O., Jan. 8.—Toxic gas grenades used to prevent the escape of prisons during the World War have been suggested by American Legion officials as a police weapon in Cleveland's fight against banditry and crime.

The suggestion that every police automobile be equipped with these bombs was made to Mayor W. S. Fitzgerald by Lieut-Colonel B. C. Goss of the American Legion after Mayor Fitzgerald had accepted the Legion's offer to aid the police in checking the present crime wave. The matter will be taken up with Chief of Police Smith, the Mayor said.

Circular letters urging all of the 7000 Legion members in the county to join the police auxiliary were mailed from Legion headquarters today.

CONVICT BREAKS JAIL; IS ILL WITH PNEUMONIA

Clarksburg, W. Va., Jan. 8.—Ill with pneumonia, Arnold Smith, of West Union, made a daring escape from the Harrison County Jail here yesterday. He sawed through the heavy iron bars protecting the window in his hospital room on the third floor of the jail, and climbing down the walls made his escape through a quiet street.

Smith had been ill with diphtheria and was isolated in a hospital room. Later he contracted pneumonia and the jail physicians said that a few hours before his escape his temperature was 102 degrees fahrenheit.

The police believe that if he succeeded in making his way into the hills he would die before he could be recaptured.

MOTHER OF 19 AT 40 YEARS

New York, Jan. 8.—With 19 children, all alive and healthy, Mrs. Catherine Abrams believes she holds a record in the antirace suicide handicap. Although her latest child, Evelyn, was born January 2, Mrs. Abrams, who is 40, is up and doing cooking for her brood.

Mrs. Abrams, wife of Manning Abrams, a chauffeur, was married the first time to Harry Lewis, when she was only 13. Eleven children blessed this union. Lewis died 12 years ago. A year later she married Abrams and eight children have come to them.

When bread is bought daily she sends at least three children to carry $2.50 worth. Stews and an apple each, daily, are the children's main foods.

COMMITTEE LIMITS ARMY TO 175,000

By a unanimous vote the Senate committee on military affairs yesterday agreed to limit the size of the army to 175,000. An effort by Senfor an amendment in the Senate for defeated by a vote of 6 to 4. Senator Lenroot served notice that he will offer an amendment in the Senate for the smaller army.

The action of the committee was taken on the resolution of Senator New, and is regarded not only as an indication that the committe desire to economize but also as a criticism of Secretary of War Baker. Similar legislation is now pending in the House.

The text of the measure follows:

"Be it resolved, &c., that the Secretary of War be and he is hereby directed to cease all enlistments in the regular army except enlistments of men who at the time of the passage of this act have served more than one year in the regular army, or the army of the United States during the recent emergency.

Section 2. "That until the enlisted strength of the army is reduced to 175,000 men, the Secretary of War is authorized in his discretion to grant applications for discharge to enlisted men who have served one year or more with records satisfactory to their commandingg officers without regard to the provisions of existing law respecting discharges."

PINNED BY CAR; ENDS LIFE

Wichita, Kans., Jan. 8.—Unable to extricate himself from his overturned automobile, and fearing that he would not be rescued in time to save his life, Joseph B. Nichols, a grain dealer, ended his life by shooting last night it is believed.

The body was found by a man, who noticed the overturned car by the side of the road. Nichols' right arm and right leg had been caught, and the ground gave evidence that Nichols had struggled in vain to free himself. He used his left hand to draw a revolver from his pocket, and then shot himself.

A theory that Nichols may have been the victim of robbers, who made it appear that he had killed himself, has been discounted. His valuables had not been touched.

TROUNCES RUSS AS BETRAYER OF CZAR AND ARMY

Berlin, Jan. 8.—Alexander Guchkov, famous Russian Zemstov leader, head of the Russian war purchasing department during the war, and for a short time minister of war in the Kerensky cabinet, was soundly pummelled on the street here by a former Russian officer, who accused him of betraying the Czar and causing demoralization of the Russian army in 1917.

The officer Lieut. Taburitzky, recognized Guchkov at an elevated station and flew at him in a rage. With the cry: "You here! Traitor!" he struck him again and again. The crowd was inclined to take sides with M. Guchkov, who is undersized and well along in years, but Taburitzky won their sympathies by shouting that Guchkov was anti-German and one of the strongest partisans for a war against Germany in 1914. The pummelling continued until the police came to the rescue.

Guchkov heads the anti-Bolshevist organization of Russian exiles here.

Soviets Elect New Central Committee From Three Groups

Riga, Letvia, Jan. 8.—Moscow reports a newly elected soviet central committee comprising three groups. The dominating right wing is headed by Premier Lenine, the center by Leon Trotzky, the war minister, and the left wing by B Bukarin. The committee consists of 300 members, including Bela Kun, Karl Radek, M. Rakovski, Gen. Budenny, M. Zinovieff, M. Kalinan, Leo Kameneff, Leonid Krassin, M. Kolontai, Jacob Peters, M Lunacharsky, and M. Raskolnikov.

Difference have arisen at the all Russian congress of soviets through Premier Lenine's advocacy of autonomy for trade unions and M. Trotzky's desire to continue government control of unions.

ENGLAND WILL RETURN BODIES OF YANK HEROES

The bodies of Americans who fought with the British armies and were killed will be returned to the United States for burial if relatives so desire in cases where it can be shown that the men were American citizens prior to their enlistment in the British forces, it was indicated yesterday by the War Department.

"It is the desire of the British government," says the War Department announced, "to meet the wishes of the United States government in every possible way and as precedent thereto, the proof of American citizenship is to be required in connection with each request concerning the removal of the bodies of Americans lying within British jurisdiction, provided the soldier met his death while a member of a British unit.

ANOTHER ALEXANDRIA CASE

It Proves That There's A Way Out For Many Suffering Alexandria Folks.

Just another report of a case in Alexandria. Another typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

N. W. Simpson, 1513 King street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and took them according to directions. They helped me so much I got three more boxes of Doan's and they entirely cured me. Since then I have worked every day and have been in fine health."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Simpson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

"OUR TWENTIETH ANNIVERSARY"

Twenty years ago this month, when King street was paved with cobble stones, we came to Alexandria and started in the dry goods business. It was a small and humble start at 424 King street, where we conducted a growing business for ten years. Shortly after this we realized that our quarters were too small and the result was that we moved across the street to our present location at the corner of King and Pitt streets, opposite the old Marshall House. Where we have conducted a successful business since that time.

A few years ago realized the importance of giving Alexandria an up-to-date men's and boys' haberdashery shop. We purchased the two buildings adjoining our main store and after remodeling them, opened our modern Men's and Boys' store, which has proven a big success.

With this brief history of our twenty years dealings with the Alexandria public, we have always endeavored to win and hold the confiddence of our patrons by fair and liberal methods, at all times offering dependable merchandise at moderate prices.

In celebrating this—our Twentieth Anniversary—starting Monday morning, January 10th and continuing for the balance of the month, we are going to offer the public the biggest values in dry goods, notions, women's readt o wear. men's and boys' furnishings they have ever had, as we are positively going to unload our large winter stocks at a great loss to us.
